Market vending requirements

1. All fees, except the daily stall fee, are due prior to vendors first market. This includes annual seasonal membership, as well as reserve stall and jury fees if applicable.
2. Daily fee will be collected at the beginning of each market. The market manager or board member will collect this fee from each vendor at their booth after set up or as they arrive at the market.
3. There are no refunds on market fees.
4. No more than two vendors may sell goods in the same stall; however, if there are two vendors in a stall, each vendor must submit their own separate application, seasonal membership and jury fee if applicable. (only one daily stall fee required and only one reserve stall fee per space as listed above).
5. Stalls are approximately 12' X 12'. Vendors may recess behind their stall up to 3 stall spaces (36 feet) if their designated space allows.
6. Reserved stall assignments will be made by a Vendor Reserve Committee prior to the market season. Those wishing to purchase a Reserve stall after the opening day of market will be filled by the market manager if available. Vendors who reserve a main path space must attend at least 20 of the 26 weeks during the regular season. Missing more than 6 weeks in the year will forfeit main path reservation.
7. The market manager will make all non-reserve stall assignments. When assigning non-reserve stalls the manager will take into consideration the anticipated number of vendors, product mix, customer flow and special promotions.
8. Prior acceptance into the market does not guarantee future participation.

Vendors must notify the market manager 48 hours prior to market if they will not be attending. Notify the market manager if you will be later than 7:30 a.m. Reserved stalls will be held until 7:30 a.m. sharp, then made available to non-reserved vendors.

NO SHOWS: All vendors that have indicated they would sell on a particular market day and fail to notify the market manager will be charged \$25.00 for that day. If a no-show balance is due, it will be payable to the market manager before continuing to vend.

Craft and Textile Vendors

After being juried and accepted into the market, any new items added throughout the season will also need to be approved by the jury committee prior to display or sale. During the market season, the jury committee will check the vendors for on-juried items that may have been added to the booth. The matter will be settled by the Board of Directors and if needed a penalty of \$25.00 will be assessed.

Appeals of the manager's decision must be submitted in writing to the Board within 14 days. The Board of Directors will review appeals at the next scheduled board meeting.
6. Pieces too large to be carried easily can be represented at jurying by photographs. Judges reserve the right to ask craft vendors to bring the item if it is in question.
7. All items may be photographed by the jury committee for future reference.

Craft Jury process and Notification

To be juried, vendors will set up their crafts at a designated time and will then leave the premises. Potential craft vendors will not be present at the jurying to ensure open and frank discussion. Craft vendors can pick up their crafts at the agreed upon time. The craft vendor will be notified by email or mail of their results, no later than one week before the 1st market day. There will be no crafts juried on market day. The Craft Jury Committee will score each entry, with the higher scores accepted into the market and if needed, the lower scores placed on a wait list, or until the crafter is re-juried and receives a higher score.

Members with seniority will have priority. Like item vendors may be limited.

The Craft Jury Committee will announce the craft jury dates including time and location at the annual meeting and arrange additional dates as needed throughout the season. Each vendor will pay a non-refundable \$10.00 jury fee. The craft jury committee will be comprised of three to six volunteer Farmers Market members and up to two additional non-market members. At least one committee member will also be from the board of directors. A minimum of three

committee members will attend each evaluation session, including at least one board member. Leaders of the craft jury committee will be appointed by the Second-Vice President of the board of directors.

Nonprofit and Service Organizations

Nonprofit organizations must pay a daily \$25.00 stall fee if items are to be sold or fund raising activities are conducted.

Token Program

This program offers the Farmers Market the means to help vendors increase sales by accepting credit, debit, and EBT/SNAP cards. A common wireless terminal is used at the cashier's booth where cards are swiped and tokens/certificates are given to the customer to be used to purchase products from all qualifying vendors present. Vendors then redeem the tokens that they have taken with the market cashier. There are two colors of tokens issued by the Farmers Market, red and black

EBT/SNAP and MARKET MATCH PROGRAM

\$1.00 and \$4.00 tokens will be issued in BLACK. They are to be purchased by participants in the EBT/SNAP Food Stamp program. \$1.00 "Market Match" certificates are GREEN. They are a part of a grant received by the Health Department and given to participants of the EBT/SNAP Food Stamp program. No cash change may be given or exchanged for these black tokens or green certificates. There is no fee to the vendor for the black EBT Tokens or match certificates and they will be redeemed for full value. (May be subject to change as state requirements and programs change)

Rules and regulations of the EBT/SNAP token program:

1. EBT/SNAP tokens CAN be used to purchase prepackaged foods, food bearing plants (peppers, tomatoes, etc.,) or herbs and produce.

4. Black tokens are not to be exchanged with other vendors and not to be used as change for red tokens. If you are a non-qualifying vendor caught taking EBT/SNAP tokens or MATCH certificates, you will be dismissed from the market. This is a federal law and we want to keep our privilege to use this system.
5. Tokens and certificates taken as payment outside of qualifications WILL NOT be reimbursed.
6. Vendors are required to educate ALL employees on the EBT/SNAP and MATCH program and vending rules.

DEBIT / CREDIT

\$5.00 (five dollar) tokens will be issued in RED. They are given to those customers using credit or debit cards at the cashier booth. Cash change may be given for red tokens. The cashier may issue-certificates for large purchases that will be stamped with a market logo and signed. i.e. if a customer wants to purchase a large ticket item, the cashier will write a certificate rather than handing out many tokens.

Reimbursement Process for Token Program

1. Vendors will submit tokens and certificates at the cashier booth with the form provided by the market management that includes the number of each type of token, token dollar amount, vendor name, and date.
2. Vendors must follow the rules for sales and collection of BLACK EBT/SNAP and Market Match certificates in order to be reimbursed. All vendors may redeem and be reimbursed for RED tokens.

Off Season Markets

The Moses Lake Farmers Market sponsors several off season markets between November and April. Priority will be given to market members and artisan or handmade vendors. Off season markets may include home based and direct sales vendors as space allows. These events are typically held at the Grant County Fairgrounds. Each market will have a separate application and fee schedule. Regular season market members are given priority and a reduced vending fee.

Please watch the market's website and Facebook page throughout the market season for more information on off season markets.

Facts about Moses Lake Farmers Market

The Moses Lake Farmers Market has been growing since 1978. Due to the high quality of vendors and products, the Moses Lake Farmers Market is now one of the largest markets in Eastern Washington.

Become Involved: The Moses Lake Farmers Market is unique! Very few farmers' markets are owned and operated by the vendors through their membership in a market association. We are! This arrangement has one very important responsibility: Members must be willing to become involved with the decision-making activities of the market. Members are needed as volunteers, to serve on the board of directors and as committee members, or the market will simply cease to exist. Participation is not just encouraged, it is essential.
